

# VISION TECHNOLOGY

We develop complete solutions for measuring, testing and assembly systems from the design to the final production, assembly and commissioning.

**See the difference for yourself. NMH –  
Innovation is our world**

Optical testing system for internal cooling channels on drills and milling cutters

# NMH VISION TECHNOLOGY. IN NOVATIVE. AFFORDABLE.

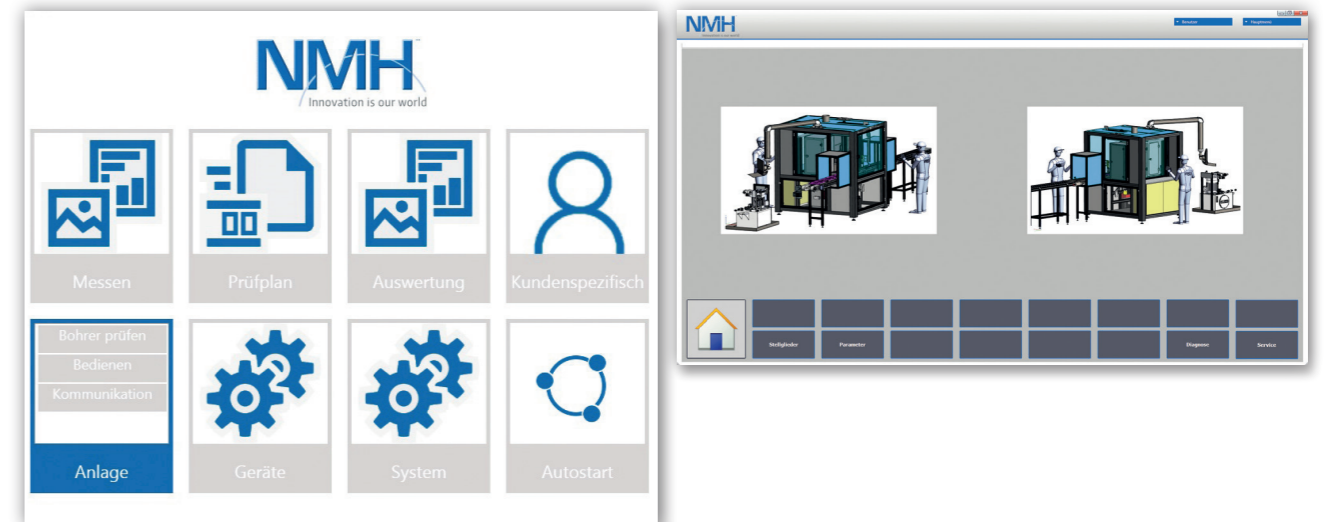

## Testing cabinet

- >> Separated testing areas
- >> No oil contamination in areas for camera and lighting

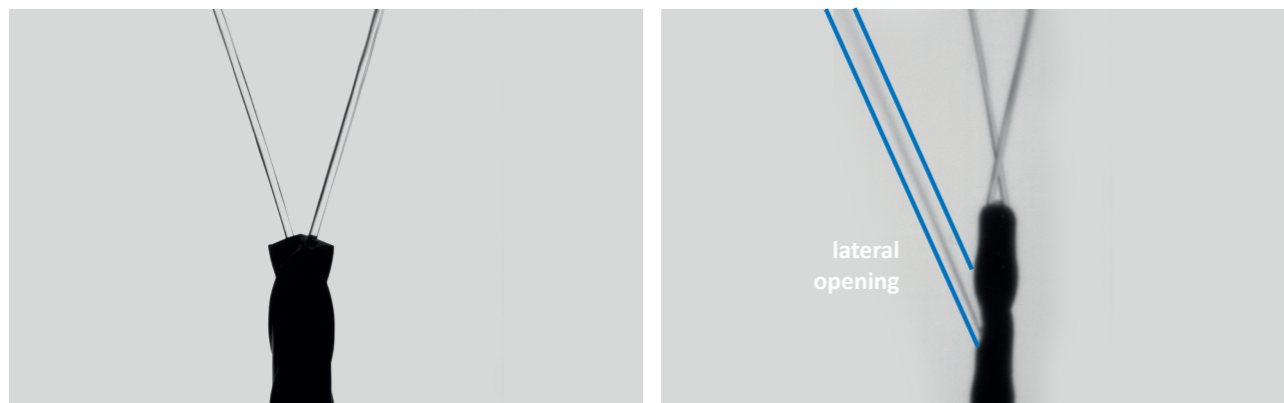

## Measuring computer

- >> Internally developed measuring program
- >> Flexible adaptation of parameters
- >> User and operator-friendly

## Optical evaluation

- >> Automatic recognition of the test beams and lateral openings of a leak
- >> Automatic evaluation of the image material as OK / NOK
- >> Easy adaptation and extension of the evaluation parameters by the operator

>> OK

>> NOK

## Test specimen bandwidth

- >> Flexible testing of various drills and milling cutters with a simple change of the chuck
- >> Flexibly extendible program for chucks for additional shaft diameters
- >> Different lengths and diameters of drills / internal cooling channels

**MORE THAN 3,400 CUSTOMERS  
WORLDWIDE – INNOVATION IS  
OUR WORLD**

**About NMH**

NMH is one of the “hidden champions” for complex measuring, testing and assembly systems. The company employs around 100 employees at the Hohentengen location. NMH offers complete solutions – from the design to the final production, assembly and commissioning. Nearly all German premium automotive manufacturers and their suppliers are NMH customers.
